Dear Members,

We have found that many new members want the Bulletin in electronic form only – whether e-mailed to them every Wednesday or by checking online daily to get the very latest information. Our Bulletin is edited and uploaded daily between 3-5PM with all the newest projects and information. Thanks to the internet and computers it’s now more of a “Daily” Bulletin than a “Weekly” Bulletin.

If you longer want or need the paper Bulletin, please take a moment to reply and we will remove you from the paper distribution list. You will still have all the services and privileges of membership; you will simply get the Bulletin via e-mail or from the website rather than through the mail. It is also much easier to circulate this information electronically to members of your firm.

To the members who have discovered this easy way to get the Bulletin, thank you so very much. Every paper Bulletin costs over $1 to print and mail – over $50 every year for each member. To do this electronically the cost is zero. With more electronic subscribers, we can continue to keep our costs in line and weather the present downturn without any cutbacks in service or increased costs to you.

Of course, for those members who still prefer the paper Bulletin, we will continue to print and mail it every week.

Thank you for your attention in this regard, and if you have any questions please do not hesitate to call, fax, or e-mail me or just stop by the SLO office!

LESLIE HALLS
Executive Director

Please e-mail to info@slocbe.com or fax the form below to (805) 543-7016.
